# New Pinsa Romana

## The Healthier Alternative

This mouthwatering Pinsa is characterised by a crunchy outside with a soft inside, artisan hand-stretched oval shape.

Pinsa dose not contain additives, preservatives, saturated fats.

**Freshly made dough**, it takes **48 hours** to prove. It uses a wheat/soy/rice flour, more water and less salt, creating a lighter, airier crust. It is said that pinsa also has fewer calories, lower fat, and less sodium than pizza.
